

PROFILE SW 904

Product specification sheet

FEATURES

- A sophisticated **design** for maximum **performances and esthetic integration** capability.
- 11" (27cm) **sandwich composite "W" cone**.
- Built-in **Digital Signal Processor (DSP)**.
- **Subsonic filter** for optimized sub bass in small room.
- **Night mode** (dynamic compression).
- **Boost mode**.
- High power, high efficiency **BASH®** amplifier.
- **Black satin finish**.

Type	Active subwoofer with DSP
Drivers	11" W cone woofer, 2-1/2" voice coil
Cut-off frequency (-6dB)	27Hz
Frequency response (+/-3dB)	32Hz to 150Hz
Amplifier	350Wrms (450W max) BASH®
DSP section	24dB/octave active filter (50 to 150Hz), adjustable phase from 0° to 180° (by step of 45°), 24dB/octave subsonic filter (30 to 45Hz), Boost mode, Night mode, 3 users presets
Input	LFc/Stereo
Power mode	On/Off/Autopower
Dimensions (HxWxD)	19 ^{13/16} x16 ^{15/16} x12 ^{3/8} " (504x430x315mm)
Net weight	50.6lbs (23kg)
